

**INDUSTRIAL PRODUCTION AND CONSTRUCTION STATISTICS**

| TOPICS                 | ELEMENTS                          | SUBJECT: ECONOMIC CENSUS (CONSTRUCTION)  |
|------------------------|-----------------------------------|--|
|                        |                                   | INFORMATION  |
| 1. Source Organisation | Contact person and organisation:  | Name : Mohd. Yazid bin Kasim<br>Title : Director<br>Address : Industrial Production and Construction Statistics Division,<br>Department of Statistics, Malaysia, Level 5, Block C6, Complex C,<br>Federal Administrative Centre, 62514 Putrajaya.<br><br>Phone No: 03-88857575<br>Fax. No. : 03-88889215<br>e-mail : myazid_kasim@stats.gov.my |
|                        | Data sources used:                | Census   |
|                        | Name of collection / source used: | Economic Census 2011   |
|                        | Direct source:                    | 1. Department of Statistics, Malaysia (DOSM),<br>2. National Property Information Centre (NAPIC),<br>3. Malaysia Industrial Development Authority (MIDA)<br>4. Construction Industry Development Board (CIDB)  |
|                        | Source periodicity:               | Every 5 years  |
|                        | Source metadata:                  | Department of Statistics Malaysia  |

|   |  |  |
|---|--|--|
|   | Date last input received from source:      | December of the census year  |
| 2. Data Characteristic and Collection           | Variables collected:                       | Output, input, value added, employment, salaries & wages and value of assets |
|   | Periodicity:                               | Every 5 years  |
|   | Reference period:                          | Calendar year  |
|   | Base period:                               | n.a  |
|   | Date last updated:                         | 2016   |
|   | Link to release calendar:                  | n.a  |
|   | Other data characteristics and collection: | n.a  |
| 3. Statistical Population and Scope of the Data | Statistical population:                    | Establishments   |
|   | Geographical coverage:                     | Malaysia   |
|   | Sector coverage:                           | Construction   |
|   | Institutional coverage:                    | Registered establishments involved in construction activities                |
|   | Item coverage:                             | 72 industries  |
|   | Population coverage:                       | 113,320 establishments   |
|   | Product coverage:                          | n.a  |

|  |                                    |   |
|--|------------------------------------|---|
|  |                                    |   |
| 4. Statistical Concepts and Classifications Used | Key statistical concepts used:     | International Recommendations for Construction Statistics   |
|  | Classifications used:              | Malaysia Standard Industrial Classification (MSIC), 2000  |
| 5. Statistical Computation and Dissemination     | Aggregation and consolidation:     | Industry and national level   |
|  | Estimation:                        | Estimation Method for Construction Survey   |
|  | Transformations:                   | n.a   |
|  | Validation:                        | Structure, consistency, range and logical checks  |
|  | Index type:                        | n.a   |
|  | Weights:                           | n.a   |
|  | Seasonal adjustment:               | n.a   |
|  | Other computation and adjustments: | n.a   |
|  | Dissemination formats:             | Printed and digital   |
| 6. Other Aspect                                  | Recommended uses and limitations:  | n.a   |
|  | History                            | a. The first census was for the reference year 1963.<br>Census: Reference year 1963, 1968, 1973, 1981, 1993, 1996 and 2005. |

|  |                            |  |
